

Poole Quarter Car Club

Costs include insurance and fuel!

Did you realise that as a resident of Poole Quarter you have a new Ford Fiesta Econetic included with your house? Well OK, not one each...but through Commonwheels, you do have access to one 24 hours a day, seven days a week! And Crest Nicholson have already paid the joining fee so it is free to join!

The car club makes cars available on a 'pay as you drive' basis, providing a great alternative to private car ownership and use. If you don't need a car on a regular basis, using the car club instead of owning your own car can save you loads of money. It also makes you think more about your trip, so members walk, cycle and use public transport more than car owners.

To use the car, **you need to become a member of Commonwheels.** You then pay the following:

- £4 per hour to hire the cars or;
£36 for 24 hours or;
£12 from 8pm until 8am overnight
15 pence per mile
- £5 a month membership fee (which will be added as a credit on your bill against any booking charges).

To join or to find out more visit
www.commonwheels.org.uk
or call 0845 602 8030
